46531

- #3 in Rev / Acre of all commercial varieties tested in 2007 Coded Trials (with a much better Aph rating)
- One of the top 3 Rev/Acre varieties in Mod - Severe RZM in '04, '05, '06 & '07 Coded Trials
- 46519 genetics with better Aph resistance
- Fantastic emergence and vigor to provide great stands every time
- Great harvestability, easy to defoliate and to lift
